To

The Secretary to the
Government of Mysore,
Law Department, Bangalore

LEGISLATIVE DEPT
MYSORE

Sir,

I have the honor to transmit herewith duly scrutinised for orders of Government the Budget Estimates of the Mysore City Municipality for 1944-45 (together with enclosures) received with the President's letter No M 2 329-43/44 dated 5-6-44 A detailed note explaining the necessity to revise the estimates under some heads in the light of the past actuals and other considerations together with an abstract Statement (A) of variations made in this office and a Statement (B) of Receipts and Expenditure after incorporating these variations are enclosed for the information of Government

2 As prepared by the Municipality, the opening and closing balances are expected to be Rs 19,438/- and Rs 24,518 respectively

3 For reasons explained in the accompanying note, the anticipated Revenue stand reduced by Rs 48,500/- while on the expenditure side, a reduction of Rs 38,900/- is proposed

4 These modifications under Receipts and Expenditure result in a net closing balance of Rs 14,918/- which falls short of the statutory minimum balance by Rs 5,082/-

5 The Municipality may be directed to keep down expenditure by exercising strict economy with a view to restore the minimum balance

6 Town Hall -

The accounts of the Town Hall are kept separate by opening a separate account for its transactions at the Bank of Mysore The Town Hall Committee expects an income of Rs 14,019/- including the opening balance

balance of Rs 89/-. An expenditure of Rs.13,841/- is provided for leaving a closing balance of Rs.178/- at the end of the year The Budget may be approved.

I have the honor to be,
Sir,
Your most obedient servant,

Comptroller

C1/18 RAB

Note explaining variations made in the draft Budget Estimates of the Mysore City Municipality for 1944-45

A Receipts -

Octroi - Provision Rs 2,60,000/-

The average for the past three years is Rs 2,25,126/- as shown in the margin There has been a steady and marked increase from year to year due to the high market value of cloth and other dutiable articles prevalent hitherto. As the prices of all articles have been since controlled, the same increase cannot be expected during 1944-45 It appears safe to limit the expectations for 44-45 to Rs 2,50,000/- being an increase of Rs. 40,000/- over the Budget for 43-44 or Rs 10,000/- less than proposed

41-42	1,90,341
42-43	2,27,109
43-44	2,57,930
Total,	6,75,380
Average,	2,25,126

2 Taxes on vehicles -

Provision Rs 44,000/-

margin that the revenue under this head is decreasing year after year There was a heavy fall to the extent of Rs 6,000/- during 1943-44 as - compared with the previous year It appears to be too sanguine to expect a revenue of Rs 72,000/- under this head The revenue may be put down at Rs 65,000/- or Rs 7,000/- less than anticipated

Rs 2,00,000/-

The average income for the past three years is Rs 1,71,668 as shown in the margin - The actual collections during 43-44 was Rs 1,69,342/- The Municipality expects an increase of Rs 30,000/- in-1944-45 due to the revision of Assessments now on hand As the revision of taxes in several Mohallas is still to be taken and there is no certainty that-the revision would be given effect to in full at least during the second half of the year, an increase of 10% over the actuals for 1943-44 may be anticipated The income may therefore be taken at Rs 1,86,000 as against Rs 2,00,000/- assumed by the

7 Sanitary Cess Rs 45,000/-

The average for the last 3 years is Rs 42,080/- There are no sufficient reasons to expect any increase next year The estimate under this head may be put down at Rs 42,000/- as against Rs 45,000/- assumed by the Municipality or Rs. 3,000/- less

B. Expenditure -

With a view to balance the Budget as far as possible, reductions under the - following heads are suggested The total amount of reduction thus proposed comes to Rs 38,900/-

1) 1 Original Works Rs 1,44,000/-

Full provision may be allowed for the incomplete works of the previous year which amounts to Rs 99,396/- As regards the balance of Rs. 44,604/- budget ~~head~~ for new works, the provision for certain works viz ,

1) Market Improvements	Rs 3,300/-
2) Slaughter house	22,000/-
3) Improvements to Sewage Farm	3,000/-
4) Drains original	5,500/-

may perhaps be deleted and the grants for

other works also reduced limiting the total expenditure under original works to Rs. 1,10,100/-

1) 2 Repairs Rs 1,06,000/-

In view of the slender - financial condition of the Municipality, the provision of - Rs 5,000/- for special repairs may perhaps be deleted If any works have to be taken up during the course of the year, the Municipality may be required to meet such expenditure by re-appropriation

Moved by Mr.T.Mariappa - Seconded by Mr.T. Narasimha Iyengar - CARRIED.

President

Speech delivered by the President, Mysore City Municipal Council, at the Special Meeting of the Mysore City Municipal Council (Budget Session) held on 27th May 1944 at 1 P.M.

I am glad to inform you that while the total receipts under service head as per the sanctioned estimate for the current year was Rs.8,73,550 the revised estimates improved to Rs.9,41,980. The main increases are under the following heads:

1.	Octroi ...	Rs.	41,750
2.	Income from Slaughter House ...	Rs.	3100
3.	Sewage Farm ...	Rs.	10,000
4.	Grants and Contributions ...	Rs.	15,000
5.	Trust Board contribution . .	Rs.	4,800
6.	Refunds and Recoveries ...	Rs.	6,000

The increase under Octroi is due to effective vigilence on the part of the Octroi Staff and due to the increased value of goods imported into the city. The review of the receipts under this head is being placed every month before this Council.

The increase in the income from Slaughter House is due to higher bid secured in the sales.

The increase under Municipal Farm is due to the increase in the produce of grass and vegetables and also to the vigilence on the part of the Sewage Farm staff A number of improvements were effected during last year which have resulted in this increased income. During the next year a further increase of about Rs.20,000 is expected.

Under Grants and Contributions, we got a sum of Rs. 15,000 from Government towards the expenditure incurred during the Viceregal Visit. The Trust Board have fully paid up their contribution towards tarring loan and repairs which also contributed to the increase under this head. Another reason for increase in receipts was under refunds and recoveries being the arrears of office repairs due from the Trust Board.

Expenditure: Regarding expenditure, the provisions made during the year have been very badly upset by the grant of increased dearness allowance and increase in the cost of materials and labour. The item of dearness allowance alone works out to Rs.93,000/-. There was a considerable rise in the price of grass, hay and grain required for our cattle and the expenditure due to this has increased from Rs.21600 in 42-43 to Rs.38,000 during the current year. A sum of Rs. 13,600 was paid for purchasing two new lorries. The total expenditure has thus risen from Rs.10,39,744 to Rs.11,42,190 resulting in an increase of Rs.1,02,446.

PUBLIC WORKS: There has been a noticeable increase in expenditure under Public Works and Public Health and Convenience. Under Public Works, a detailed note has been furnished by the Municipal Engineer giving the reasons for the variation of the several items of works in progress. The amount provided under the budget was only a sum of Rs.1,36,000 excluding an additional grant of Rs.15,000 given by Government for works that were done during the Viceregal Visit. The total amount that was available for Public Works was thus only Rs.1,51,000. The actual programme chalked out for Public works was for an expenditure of Rs.2,43,000. But it was not possible to meet the entire expenditure. In the revised budget, a sum of Rs.1,74,000 has been provided. There are many works which have been carried out to the extent of about Rs.30,000 and these will have to be paid for the next year.

Among the outstanding improvements done, I may mention that 19 miles of gravel roads have been metalled, 38 miles of tarred roads that were in a very bad condition have been considerably improved and all buildings belonging to the Municipality were repaired and brought to a good condition during the year.

I might mention that markets were considerably improved and many incomplete works completed The completion of a

a number of bath rooms and urinals that had been started during the previous year, the completion of the Swimming pond in the area behind Lukkarahalli tank, improvements to Oo.ads and Burial grounds, metalling of a number of cross and main roads, the construction of Model houses in A.K. puram are some of the substantial wor's carried out. The very high prices that were realised out of the sale of the model houses constructed in A.K.Puram shows the popularity of the design adopted. A regular House Building programme has been therefore drawn up according to which it is expected to spend about Rs.2,00,000 next year, the sale amount realised being credited to the funds every year. This budget will be placed before the Council separately.

Parks were considerably improved during the year. A number of avenue trees were planted along the main roads and particularly along the Chamundi Hill road which now presents a beautiful appearance, and new gardens were laid out in front of the sweepers quarters near Silk Factory at the junction of Kantharaja Urs Road and Prince of Wales Road and at many triargular open areas. The bath rooms in Subbarayanakere, one for males and one for ladies, the bath rooms along the Adiparapa road, one for ladies and one for Gents, the bath and urinals behind Lansdowne Buildings, the bath and latrines in Madigeri were all opened during the year and put into service. These have been provided wit independent water connections from specially sunk wells fitted with hand and electric pumps. These are very popular and the public appreciate these, especially when water supply is now getting scarce.

All the culverts which had choked up and were not functioning, were repaired and a number of new culverts buil at the road crossings. This has considerably improved the condition of road surface by preventing heavy scours due to storm water.

The following underground drainage works have since been sanctioned in the Trust Board with the aid of the Municipal funds:

1. The underground drainage for Saraswathipuram behind Law Courts.
2. Underground drainage work for Addiga.
3. Underground drainage work for Kranagere and its surroundings.
4. Underground drainage works for 9th block for V.V.Mohalla.

It was possible to expedite these works with the help of Municipal funds. As the Trust Board funds have now improved, it is proposed to request the Trust Board to finance these works as far as possible from its funds during the next year.

In the Municipal Farm several improvements have been effected. A new dry cattle shed has since been started and is almost nearing completion. Two new cattle sheds were constructed for the use of the cattle belonging to the Health Section. The main road was metalled, the halla widened, an R.C.C. bridge constructed across the halla, a new well with pump connections provided for irrigating an area of about 30 acres in the Eastern portion of the Sewage Farm and another well constructed for irrigating vegetable plots in the area where there were compost heaps. These improvements have contributed to the increase in the income from Sewage Farm.

It was proposed to extend the Septic tank in the Sewage Farm to treat treat the increased flow of sewage from the town which is expanding day by day For want of funds and materials, this could not be taken up. The Trust Board has however been requested to take up this work under the Underground Drainage Scheme during the next year, at least

WATER-SUPPLY:- A sum of Rs.1,33,000 is provided for the maintenance charges of V.V.Water works in addition to arrears of Rs.15,000 and this amount will be paid. But - according to the Budget estimates sent by the Sanitary Engineer, we will have to pay Rs.1,80,000. No provision is made for this increase, partly because there are no funds available and partly because the Sanitary Department have not been rendering the accounts according to the Budget heads though an additional hand has been sanctioned for the purpose by the Government

HEALTH AND CONVENIENCE:- Coming now to the Health Budget portion, I am glad to state that the Health condition of the city has been satisfactory. As suggested last year, the method of sweeping in the rights instead of in the - mornings was tried for a period of one year, and it was found not possible to have an effective supervision. Hence, the old system of sweeping in the mornings has been modified and sweeping has since been arranged to take place in the early hours of the morning before traffic commences.

Owing to prompt and effective measures adopted it was possible to control the spread plague infection in the city during the year. As much as Rs.5,000 had to be spent to combat the disease by taking up cyrogasing, inoculation and disinfection in the various Mohallas. But for this timely action the most important business centres in the city and other localities like Old Santhepet, Mandy would have been seriously affected.

On account of the constant breakdown of the old lorries and on account of want of bullock carts and good bullocks, it has been found very difficult to cope up with the increased population in the city, contributing to the increased work of removing rubbish For this purpose, two lorries have since been ordered which are expected to arrive shortly

Six pairs of bullocks have also been purchased and many carts repaired. It is proposed to purchase two more lorries and a few more carts and bullocks to cope up with the increased demand for removing street rubbish during the next year, and Rs.10,000, Rs.2,500 and Rs.15,000 have been provided respectively for these items

On account of the rise in the price of hay and horsegram, the cost of maintenance of bullocks rose up from Rs. 21,600 to Rs.28,000 as explained already. The increased dearness allowance to the sweepers has amounted to Rs.48,000 and want of materials such as flat iron for the wheels of bullock carts, and night soil carts, rise in the price of iron sheets, rise in the price of bullocks have all upset the health bulget considerably. The amount provided in the budget was Rs.4,91,401 while the actual expenditure as per revised programme amounts to Rs.5,39,510. On account of the high cost of zinc sheets, iron drums and stone slabs and also on account of the fact that the metal dust bins have been stolen away, it has not been possible to provide a sufficient number of dust bins all over the city. A few sample R.C.C. dust bins were got prepared and on approval it has been arranged to provide at the rate of 25 dust bins for each Mohalla. On account of prohibitive cost, this work is rather slow and we have provided Rs.1,500 for next year for this purpose.

In order to meet the extra demand for public works and public health, a sum of Rs.80,000 was aksed as an additional grant from Government for the current year. The Government have however replied that it is not usual to make such grants to Municipalities and that the Municipal Council shd devise ways and means to improve the income. This has considerably upset our budget programme.

BUDGET FOR 1944-45.

In the review already made, I have necessarily had to refer to the provisions made in the next year's budget and I am therefore now making only a very brief review of the same.

RATES AND TAXES: The budget receipts under several heads for the year 44-45 amount to Rs.13,00,220 including a sum of Rs.1,00,000 as grant from Government for balancing the budget. Since the request for a grant of Rs.80,000 for the year 43-44 is not complied with, it necessitated the providing of increased amount under Public works in the budget for the year 44-45. The Government may have to be requested once again to sanction our request for a grant of a sum of Rs. 1 lakh for the year 44-45 at least in view of special conditions prevailing now.

Under Municipal Rates and Taxes, a sum of Rs.7,68,500 has been provided for, which is Rs.52,250 in excess over the revised budget of Rs.7,16.250. This sum is expected to be realised by the revision of house-tax, increased income under Octroi and increase under water-tax

REALISATION UNDER SPECIAL ACTS: A sum of Rs.12,220 is expected as against Rs.11,630 in the previous year. This small increase is on account of the employment of a special cattle catching gang which is expected to bring in an additional revenue from cattle pounds.

REVENUE DERIVED FROM MUNICIPAL PROPERTY AND POWERS APART FROM TAXATION:- Under this head a sum of Rs.2,12,750 is expected as against the revised budget of Rs.1,68,500, the increase being Rs.44,250. This increased income is expected to be realised from markets, slaughter houses, and Sewage Farm

Under markets (especially in Devaraja Market) it is found that some of our shops are fetching an income half as much as the private shops existing in the same locality. We are at

present getting an income of about Rs.78,000 only from our markets It should be possible to get at least a lakh of rupees after the revision is effected and the same has since been provided for. Recent sales of slaughter houses, daily fee stalls etc., have all brought an increase in revenue and the same have been provided.

Sewage Farm has been considerably improved, the produce of grass and vegetables having increased in quantity. This is on account of the fact that the system of irrigation has been entirely changed by allowing proper airation and by ex cutting out irrigation channels. The area under vegetable cultivation has increased. The income from cocoanut garden has gone up from a sum of Rs.1,000 to Rs.3,300. There has therefore been an aggregate income of about Rs.50,000 during the year 43-44. In the year 44-45 however it is expected that we would get a sum of Rs.65,000.

GRANTS AND CONTRIBUTIONS - Under this head Rs.1,12,000 has been provided including a grant of Rs.1,00,000 from Government. As explained already, unless Government give this grant of 1 lakh of rupees, it will not be possible to (balance the budget) and provide sufficient funds for necessary public works etc.

MISCELLANEOUS:- As the City Improvement Trust Board paid the charges for office repairs in arrears, during the current year, we have realised Rs.8,000 against Rs.2,000 budgetted for The provision made for the next year is normal and calls for no special remarks.

GENERAL:- In view of the present heavy demands on the funds of the Municipality owing to high price of materials and labour, it is necessary to find out ways and means to increase our income. This circumstance has already been considered by the Council and a Committee has been formed to investigate and suggest ways and means for improving the income since we are not able to meet the present demand which has jumped owing to the existing abnormal conditions. For the

information of the Council, I would also suggest the follo ing measures for consideration:-

(1) Professional Tax: The Act itself provides for levying Professional Tax in Municipal areas. In Bangalore City and some other Town Municipalities, Professional tax has been levied. In case this levy is introduced in Mysore City, it is expected that a sum of not less than Rs.30,000 could be realised.

(2) Revision of shops rent in the Markets: As stated already, shop rents in the markets have to be revised in Devaraja, Mandy and V.V.Markets as the present rents were fixed over a dozen years ago. This would give an additional income of Rs.15,000.

(3) Revision of House tax: As already been explained above, due to the enhancement of rental value, it is necessar to revise the house-tax. Revision of assessment is in progress and this may yield ar increase of Rs.30,000/-.

(4) Revision of Cycle tax:- The cost of discs for cycles has gone up considerably and the total cost under this would amount to over Rs.4,000 against the normal expenditure of Rs.850 to 860. Since the present rate of cycle tax viz., Rs.2 per annum is too low, it is necessary that cycles have to be taxed at the rate of Rs.3 per year as before. This would result in an increase of Rs.8,000Rs-.

(5) Taxes on Sewing Machines, Mills and Factories:- The Health Officer suggests that by a careful scrutiny and examination of all the Factories and Mills and Sewing machines in the Mysore city, it would be possible to enhance the income considerably by this levy. He has been requested to go into the matter in detail and submit a report.

(6) Revision of Water-tax:- There are about 7200 house connections in the city out of which only about 1000 houses are metered, the remaining 6200 houses consuming water in abnormal quantities far beyond the allowed limit domestic consumption. When this proposal for metering houses

came up before the Council last year, it was thought not necessary and the Council did not agree to this proposal. This has now led to a very great water scarcity and great difficulty is felt particularly by the poor. In Bangalore the rate of supply is only 9-10 gallons per head per day; while it is as high as 21 gallons per head per day here. It is a collosul waste and it should be possible to supply enough water for domestic purposes to all the houses in Mysore City with a quantity of ~~mf~~ 2 million gallons in place of 4.2 million gallons that is being now consumed. At the Special Meeting of the Council, the Director of Public Health pointed out by facts and figures that a quantity of 1.2 million gallons of precious water was being wasted by unmetered houses. A Special Meeting was held with the Vani Vilas Water Works Superintendent, the Municipal Engineer and the Health Officer recently and they have suggested certain measures to conserve water. They have also suggested that the flat rate has to be revised in order to put a control over the expenditure of water that is on the basis of the number of taps given to each house. By this revision it is expected that a sum of Rs.42,000 at least will be realised. Even in Town Municipalities, they have been charging on the number of taps installed in each house.

At the present juncture when there is dearth for electric power, it is absolutely necessary to enhance the water rate, so that people may be prevented from wasting water, at least on account of higher rate and thus save electric energy which is so badly required by the Mysore city The increase of Rs.42,000 on the flat rate is calculated at the minimum rate of Re.1 per house per month. This will further increase if the tax is levied on the number of taps installed as is being done elsewhere.

(7) Increasing license fee: It is proposed to increase the license fee for all trades This is expected to give an additional income of at least Rs.6,000.

The income is not however adequate to the expenditure that has necessarily to be increased to satisfy the demand for amenities by the public. Compared with other Municipalities of similar magnitude the incidence of taxation here is very low as already pointed out in my speech at the Special Meeting of the Council held on 11-3-1944. It therefore behoves this Council to take action to explore the venues through which additional income justly due to the Municipality may be derived. I do hope that the Council will agree with me and take prompt action to improve the finances to the extent absolutely necessary to meet the growing demands from the public.

FOR CHAIRMAN
Town Hall Committee, Mysore.

TPS.

Note on the Budget of Town Hall fund for the year 1944-45.

RECEIPTS.

1 Ground Rent.

The actual income under this head during 42-43 was Rs 206-13-0 and Rs.200/- was anticipated during 43-44. But the actual receipt during 43-44 is Rs.120-13-0 so far and this is taken as a Revised figure for 43-44 as no further income is expected during the remaining portion of the year. For the year 44-45 Rs 200/- is taken as in the previous year.

2. Cinema Receipts.

A sum of Rs 69-8-0 was actually realised during 42-43 and Rs.400/- was expected during 43-44. ~~But~~Due to increased number of visitors to Dasara and Birthday of His Highness the Maharaja of Mysore a sum of Rs 586-1-0 was actually realised during 43-44 and this is taken as a Revised figure for 43-44 A sum of about Rs.600/- is expected during the next year also and the same is provided in the budget

3. Town Hall buidding rent.

Against the actual income of Rs 2652-2-0 during 42-43, a sum of Rs.1500/- was anticipated during 43-44 But the actual income for 8 months during 43-44 has come up to Rs 3600/- and Rs 900/- is expected during the remaining portion of the official year Hence Rs.4500/- is taken as a revised figure for 43-44 and Rs.4000/- is provided for, for the year 44-45

4 Income from Petrol bunk.

The fixed income under this head is only Rs.25/- per mensem Hence Rs.300/- is anticipated during 43-44 and the same figure is adopted both under revised figure for 43-44 and budget for 44-45. It is desirable that the rent is enhanced to Rs.35/- as the cost of maintenance of the buildings has gone up by over 75%.

5. Rent on Advertisement board.

A fixed incomeof Rs.270/- is anticipated every year at the rate of Rs.22-8-0 per mensem and Rs 30/- anticipated from other boards fixed by Cinema people Therefore a sum of Rs 300/- is provided under this head. The rent is now enhanced from Rs 22-8-0 to Rs.40/- which has not yet been accepted by the firm. Hence the budget figure is kept at old rates only.

6. Lighting charges.

Against the actual income of Rs.312-8-0 during 42-43 a sum of Rs 150/- was taken as an anticipated income during 43-44 as a sum of Rs.227/-

has already been realised during 43-44 for eight months and as an incom of Rs.80/- is anticipated during the remaining portion of the year, Rs.350/- is taken as revised income during 43-44 and Rs.300/- provided under budget for 44-45.

7. Income from Microphone.

Against the actual income of Rs.168/- during 42-43, a sum of Rs.200/- was taken as anticipated income during 43-44. As the income during 43-44 for eight months has already come up to Rs.189/- and as an income of Rs.111/- is anticipated during the remaining part of the year, a sum of Rs.300/- is taken as revised figure for 43-44 and the same is adopted for budget for 44-45

8. Income from Decoration articles

Against the actual income of Rs 908-2-6 during 42-43 a sum of Rs.1000/- was taken as an anticipated income during 43-44. As the actual income during the current year of 43-44 has alreay come up to Rs.1500/- and a sum of Rs.500/- is expected for the remaining four months, Rs.2000/- is taken as the revised figure and Rs.1500/- provided for 1944-45.

9. Hire charges on chairs.

Against the actual income of Rs.49-7-0 during 42-43 a sum of Rs.250/- was taken as an anticipated income during 43-44. As the collection for eight months during 43-44 has reached Rs.230/- and Rs.70/- is anticipated during the remaining part of the year, a sum of Rs.300/- is taken as revised figure and the same amount provided for 44-45.

10. Recoveries on account of damages to hired articles.

The sanctioned budget figure of Rs.182/- may not be realised as the damages were few and hence only Rs.100/- is provided as a revised figure. For 44-45 also a sum of Rs.100/- only is provided for.

11. Sale of trees.

Against the actual income of Rs.14-8-0 during 42-43, no amount was provided during 43-44 in the sanctioned budget. A sum of about Rs.10/- is provided under the revised figure, as it is expected to realise this amount by sale of cut branches from trees within the compound. For the year 44-45 also the same figure is adopted.

12. Interest on current account in the Bank.

The sanctioned figure of Rs.10/- for 43-44 is adopted both for the revised budget of 43-44 and estimated income for 44-45

13. Miscellaneous receipts

Against the actual income of Rs.422-4-0 during 43-13 a sum of Rs.10/- was taken as estimated income during 43-44. As a sum of Rs.107-1-0 has already been realised during 8 months of the current year, a sum of Rs 200/- is taken as revised figure expecting an additional income of Rs.93-15-0 for the remaining four months. The sanctioned figure of Rs.10/- during 43-44 is taken for 44-45 also as the income under this head is undeterminate.

14. Deposits.

A sum of Rs.1085/- was actually received during 42-43 and Rs 1500/- has already been received for eight months during the current year 43-44 and Rs.500/- is expected during the remaining part of the year Hence Rs.2000/- is taken as revised figure for 43-44 against the sanctioned figure of Rs.700/- and the same figure of Rs.2000/- is adopted as budget for 44-45.

15. Municipal grant.

A sum of Rs.1700/- was received from the Municipality as grant during 42-43 and Rs.1000/- was granted during 43-44. This grant including the Town Hall income is quite insufficient for the upkeep of the building. As the building was left in a very neglected condition, a sum of Rs.5400/- was spent during 42-43 and Rs.2000/- during the current year 43-44 upto the end of February 1944. The Southern wooden stair case was removed, as it was in a dilapidated condition and an R.C.C stair case was constructed and the terrace improved during the current year, at a cost of Rs.3500/- the bills for which are pending payment The Town Hall income is not sufficient to meet the present bills and also the further repair charges for the remaining portion of the year Hence the grant of Rs.1000/- provided in the Municipal budget may be enhanced to Rs 2500/- for the year 43-44 and a sum of Rs.3000/- given for the year 44-45 These figures are now incorporated in the budget.

16. Grant from the Municipality for maintenance of radios.

The grant of Rs.600/- towards the maintenance of radios is being given for the past nearly five years ever since the radios were installed These radios having become old require reppars, renewal of spare parts purchase of new radio sets etc. in addition to the establishment The establishment only works out to Rs.240/- towards the repairs and renewals we require about Rs.760/- and a sum of Rs.1000/- is therefore provided for, for the year 44-45. For the year 1943-44 the expenditure incurred is Rs.563/- for the past eight months and during the remaining four months we require a sum of Rs.1108/- as we are purchasing a new radio set for the Kantharaja Urs Park and the other sets require minor renewals. Hence a sum of Rs.1671/- is provided as revised figure for 43-44.

17. Other items if any.

Nil.

General

The revised figure for 43-44 is Rs.15,250/- against the sanctioned amount of Rs.7002/-. This increase is due to increase in the income under several heads, e g microphone charges, hire on chairs and decoration articles, ground rent and town hall income. A statement showing the receipts and expenditure for the past five years is herein enclosed which reveals that by steady improvements to the Town Hall building, the income can considerably be improved. During the year 44-45 it is proposed to put up the R.C.C. balcony so urgently needed for ennancing the accomodation to the Dramatic companies in Lower classes.

Note on the Budget of Town Hall funds for the year 44-45.

EXPENDITURE.

Establishment.

The actual expenditure incurred under this item during 42-43 was only Rs.612/-. The quota of the clerk was not paid during the year 42-43. A sum of Rs.483-7-0 being the quota of the clerk's pay from July 41 to end of June 43 was paid during the current year. Hence the provision under this head under revised figure is increased to Rs.1326/- from Rs.822/- the sanctioned figure for 43-44 Rs. 912/- is provided for the year 44-45 as detailed below.

Two peons on Rs.10/ each	- 20X12	- Rs.240/-	
Two malis on Rs.8/- each	- 16X12	- Rs.192/-	
One male sweeper on Rs.8/-	- 8x12	- Rs. 96/-	
One female sweeper on Rs.7/-	7x12	- Rs. 84/-	
Actuals for 42-43 -	Total -	Rs.612/-	Rs. 612/-

Add further payments in 44-45, towards the quota of the clerk.

Cycle allowance - Rs.5/- per mensem	Rs. 60/-	
Pay of the clerk - Rs.30/ p.m.	Rs.360/-	
Dearness allowance - Rs.5/-	60/-	
Duty allowance - Rs.10/-	120/-	
Total cost -	600/-	
Half the total cost - 600/2 =		Rs.300/-
Provision made for the year 44-45 -		Rs.912/-

Dearness allowance.

Against the actual expenditure of Rs.213/- during 42-43 and the sanctioned amount of Rs.252/- for the year 43-44, Rs.333/- is pro ided for the current year under revised head, as the rate of Dearness allowance was enhanced A sum of Rs 300/- is provided for the year 44-45 at the rate of Rs.5/- per head per month for 5 members.

3. Telephone charges.

A sum of Rs.72-2-0 only was paid during 42-43 and three month's subscription had not been paid as there was no demand from the Electrical Department. Against the sanctioned amount of Rs 118-8-0 during 43-44 the revised figure is taken as Rs 119/- and the same provided for 44-45 at Rs.9-14-0 per mensem.

P.T.O.

4. Lighting charges.

Against the actual expenditure of Rs.520/- during 42-43 a sum of Rs.500/- was sanctioned during 43-44. As the stage meter is bifurcated and the cost of stage lighting is paid by the parties concerned direct to the electrical department, there is no excess over the sanctioned figure of Rs.500/- inspite of increase in the engagements. The same amount is provided for 44-45

5. Purchase of bulbs.

An expenditure of Rs.25/- was incurred during 42-43 and Rs.50/- was sanctioned for 43-44. But due to the heavy engagements at Town Hall, some additional special high candle bulbs were required and ordinary bulbs were also found not available in the market, even at higher rates. Hence bulbs worth Rs.750/- were purchased during the current year 43-44 with the sanction of the committee and the council. Hence provision under revised figure is enhanced from Rs.50/- to Rs.750/- and no provision is required during the next year 44-45 as we have stock for the next year also.

6. Stationery charges.

Against the actual expenditure of Rs.3-8-0 during 42-43 a sum of Rs.25/- was sanctioned during 43-44. But it is reduced to Rs.5/- under revised figure as no expenditure has been so far incurred. For the year 43-44 however a sum of Rs.25/- is provided for.

7. Cedar benches.

Cedar behches were supplied from Technical Institute on credit basis and the cost of the benches were being paid in instalments. The last premium of Rs 400/- was paid during 42-43 and nothing more is due on this account Hence no provision is required under this head for next year.

8. Incidental charges.

Against the actual expenditure of Rs.5/- under this head during 42-43, a sum of Rs.2-8-0 was sanctioned for 43.44. As the transactions are increasing in the bank due to enhanced income and expenditure, a sum of Rs.10/- is provided for under revised figure and the same is continued for 44-45.

Deposits.

As explained under receipts the same figures are provided und

10. Miscellaneous charges.

Against the actual expenditure of Rs.274-9-0 during 42-43, a sum of Rs.5/- was sanctioned during 43-44. As the expenditure has increased under this head during 43-44, a sum of Rs.175/- is provided for under revised figure for 43-44 and Rs 25/- is provided for 44-45.

11. Radio Establishment and equipment.

As explained under Receipts the same figures are adopted under Expenditure also.

12. Construction works.

a,b, and c. A sum of Rs.4889-0-6 was spent during 42-43 for minor repairs colour and white washing for the building which was not done since a long time and a sum of Rs 2000/- was sanctioned for 43-44 for completing the said work. But the expenditure under this head increased from Rs.2000/- to Rs.5940/- as an R.C C. stair case was constructed and the terrace improved as explained under the head of receipts The sanctioned figure of Rs.2000/- for 43-44 is adopted as an estimate for 44-45, only for annual repairs and minor improvements

d. There is severe complaint from the Dramatic companies that they are unable to get proper collections for want of accomodation to the lower classes. The Town Hall building is huge enough to admit of a mee balcony. A design was got up last year for this and its cost as per estimate amounted to Rs.45000/- For want of funds this work could not be taken For the year 44-45, however a sum of Rs.6000/- is provided in the budget estimate.

e. Curtain Repairs.

The stage curtains had faded and got damaged A sum of Rs 1000/- was therefore sanctioned during 43-44 against the actual expenditure of Rs 93-6-0 during 42-43 The curtains were considerably improved during the year with this amount. For the year 44-45, only Rs.500/- is provided for

f. Repairs to lighting installations

Against the actual expenditure of Rs.422-8-0 during 42-43, Rs,250/- was sanctioned during 43-44 But this is enhanced by Rs.50/- as a number of works of repairs to lighting installations and providing additional lights were carried out during the year A sum of Rs.300/- is provided for, for the year 44-45

g. Other miscellaneous works.

A sum of Rs.300/- was sanctioned during 43-44 against which

[illegible] is incurred so far This is reduced to Rs 150/-
and the same is adopted [illegible] for 44-45.

R Srinivasa
FOR CHAIRMAN
Town Hall Committee, Mysore

Note on the Budget of Town Hall funds for the year 1944-45.

RECEIPTS

1. Ground Rent

The actual income under this head during 42-43 was Rs 206-13-0 and Rs 200/- was anticipated during 43-44 But the actual receipt during 43-44 is Rs 120-13-0 so far and this is taken as a Revised figure for 43-44 as no further income is expected during the remaining portion of the year For the year 44-45 Rs 200/- is taken as in the previous year

2 Shamiana Receipts

A sum of Rs 69-8-0 was actually realised during 42-43 and Rs 400/- was expected during 43-44 But Due to increased number of visitors to Dasara and Birthday of His Highness the Maharaja of Mysore a sum of Rs 588-1-0 was actually realised during 43-44 and this is taken as a Revised figure for 43-44 A sum of about Rs 600/- is expected during the next year also and the same is provided in the budget

3 Town Hall buidding rent

Against the actual income of Rs 2652-2-0 during 42-43, a sum of Rs 1500/- was anticipated during 43-44 But the actual income for 8 months during 43-44 has come up to Rs 3600/- and Rs 900/- is expected during the remaining portion of the official year Hence Rs 4500/- is taken as a revised figure for 43-44 and Rs 4000/- is provided for, for the year 44-45

4 Income from Petrol bunk

The fixed income under this head is only Rs 25/- per mensem Hence Rs 300/- is anticipated during 43-44 and the same figure is adopted both under revised figure for 43-44 and budget for 44-45 It is desirable that the rent is enhanced to Rs 35/- as the cost of maintenance of the buildings has gone up by over 75%

5. Rent on Advertisement board

A fixed incomeof Rs 270/- is anticipated every year at the rate of Rs 22-8-0 per mensem and Rs 30/- anticipated from other boards fixed by Cinema people Therefore a sum of Rs 300/- is provided under this head The rent is now enhanced from Rs 22-8-0 to Rs 40/- which has not yet been accepted by the firm hence the budget figure is kept at old rates only

6 Lighting charges

Against the actual income of Rs 312-8-0 during 42-43 a sum of Rs 150/- was taken as an anticipated income during 43-44 as a sum of Rs 227/-

has already been realised during 43-44 for eight months and as an income of Rs 80/- is anticipated during the remaining portion of the year, Rs.350/- is taken as revised incore during 43-44 and Rs 300/- provided under budget for 44-45.

7 Income from Microphone

Against the actual income of Rs.168/- during 42-43, a sum of Rs 200/- was taken as anticipated incore during 43-44 As the income during 43-44 for eight months has already come up to Rs 189/- and as an income of Rs 111/- is anticipated during the remaining part of the year, a sum of Rs 300/- is taken as revised figure for 43-44 and the same is adopted for budget for 44-45

8. Income from Decoration articles

Against the actual income of Ps 908-2-6 during 42-43 a sum of Ps 1000/- was taken as an anticipated income during 43-44 As the actual incore during the current year of 43-44 has alreay come up to Rs 1500/- and a sum of Rs 500/- is expected for the remaining four months, Rs 2000/- is taken as the revised figure and Rs 1500/- provided for 1944-45

9 Hire charges on chairs

Against the actual income of Rs 49-7-0 during 42-43 a sum of Rs 250/- was taken as an anticipated incore during 43-44 As the collection for eight months during 43-44 has reached Rs 230/- and Rs 70/- is anticipated during the remaining part of the year, a sum of Rs 300/- is taken as revised figure and the same amount provided for 44-45

10.Recoveries on account of damages to hired articles

The sanctioned budget figure of Rs 182/- may not be realised as the damages were few and hence only Rs 100/- is provided as a revised figure For 44-45 also a sum of Rs 100/- only is provided for

11. Sale of trees

Against the actual income of Rs 14-8-0 during 42-43, no amount was provided during 43-44 in the sanctioned budget A sum of about Rs 10/- is provided under the revised figure, as it is expected to realise this amount by sale of cut branches from trees within the compound For the year 44-45 also the same figure is adopted.

12. Interest on current account in the Bank

The sanctioned figure of Rs 10/- for 43-44 is adopted both for the revised budget of 43-44 and estimated income for 44-45

13 Miscellaneous receipts

Against the actual income of Rs 422-4-0 during 42-43 a sum of Rs 10/- was taken as estimated income during 43-44 As a sum of Rs 167-1-0 has already been realised during 8 months of the current year, a sum of Rs 200/- is taken as revised figure expecting an additional income of Rs 23-15-0 for the remaining four months The sanctioned figure of Rs 10/- during 43-44 is taken for 44-45 also as the income under this head is undeterminate

14 Deposits

A sum of Rs 1085/- was actually received during 42-43 and Rs 1500/- has already been received for eight months during the current year 43-44 and Rs 500/- is expected during the remaining part of the year Hence Rs 2000/- is taken as revised figure for 43-44 against the sanctioned figure of Rs 700/- and the same figure of Rs 2000/- is adopted as budget for 44-45

15 Municipal grant

A sum of Rs 1700/- was received from the Municipality as grant during 42-43 and Rs 1000/- was granted during 43-44 This grant including the Town Hall income is quite insufficient for the upkeep of the building As the building was left in a very ngglected condition, a sum of Rs 5400/- was spent during 42-43 and Rs 2000/- during the current year 43-44 upto the end of Februaty 1944 The Southern wing wooden stair case was removed, as it was in a dilapidated condition and an R C C stair case was constructed and the terrace improved during the current year, at a cost of Rs 3500/- the bills for which are pending payment The Town Hall income is not sufficient to meet the present bills and also the further repair charges for the remaining portion of the year Hence the grant of Rs 1000/- provided in the Municipal budget may be enhanced to Rs 2500/- for the year 43-44 and a sum of Rs 3000/- given for the year 44-45 These figures are now incorporated in the buaget

16 Grant from the Municipality for maintenance of radios

The grant of Rs 600/- towards the maintenance of radios is being given for the past nearly five years ever since the radios were installed These radios having become old require repairs, renewal of spare parts purchase of new radio sets etc in addition to the establishment The establishment only works out to Rs 240/- towards the repairs and renewals we require about Rs 760/- and a sum of Rs 1000/- is therefore provided for, for the year 44-45 For the year 1943-44 the expenditure incurred is Rs 563/- for the past eight months and during the remaining four months we require a sum of Rs 1108/- as we are purchasing a new radio set for the Kantharaja Urs Park and the other sets require minor renewals Hence a sum of Rs 1671/- is provided as revised figure for 43-44

17 Other items if any.

Nil

General

The revised figure for 43-44 is Rs 15,250/- against the sanctioned amount of Rs 7002/- This increase is due to increase in the income under several heads, e g microphone charges, hire on chairs and decoration articles, ground rent ard town hall income A statement showing the receipts and expenditure for the past five years is herein enclosed which reveals that by steady improvements to the Town Hall building, the income can considerably be improved During the year 44-45 it is proposed to put up the R C C. balcony so urgently needed for enhancing the accomodation to the Dramatic companies in Lower classes

Note on the Budget of Town Hall funds for the year 44-45.

EXPENDITURE.

Establishment

The actual expenditure incurred under this item during 42-43 was only Rs 612/- The quota of the clerk was not paid during the year 42-43 A sum of Rs 483-7-0 being the quota of the clerk's pay from July 41 to end of June 43 was paid during the current year Hence the provision under this head under revised figure is increased to Rs 1326/- from Rs 822/- the sanctioned figure for 43-44 Rs 912/- is provided for the year 44-45 as detailed below

Two peons on Rs 10/ each	- 20X12	- Rs 240/-	
Two malis on Rs 8/- each	- 16X12	- Rs 192/-	
One male sweeper on Rs 8/-	- 8x12	- Rs 96/-	
One ferale sweeper on Ps 7/-	7x12	- Rs 84/-	
Actuals for 42-43 -	Total -	Rs 612/-	Rs 612/-

Add furtner payments in 44-45, towards the quota of the clerk

Cycle allowance - Rs 5/- per mensem	-	Rs 60/-
Pay of the clerk - Rs 30/ p m	-	Rs 360/-
Dearness allowance - Rs 5/-		60/-
Duty allowance - Rs 10/-		120/-
Total cost -		600/-
Half the total cost - 600/2	=	Rs 300/-
Provision made for the year 44-45 -		Rs 912/-

Dearness allowance

Against the actual expenditure of Rs 213/- during 42-43 and the sanctioned amount of Rs 252/- for the year 43-44, Rs 333/- is provided for the current year under revised head, as the rate of Dearness allowance was enhanced A sum of Rs 300/- is provided for the year 44-45 at the rate of Rs 5/- per head per month for 5 members.

3. Telephone charges

A sum of Rs 72-2-0 only was paid during 42-43 and three month's subscription had not been paid as there was no demand from the Electrical Department Against the sanctioned amount of Rs 118-8-0 during 43-44 the revised figure is taken as Rs 119/- and the same provided for 44-45 at Rs 9-14-0 per mensem

P T O

4 Lighting charges

Against the actual expenditure of Rs 520/- during 42-43 a sum of Rs 500/- was sanctioned during 43-44 As the stage meter is bifurcated and the cost of stage lighting is paid by the parties concerned direct to the electrical department, there is no excess over the sanctioned figure of Rs 500/- inspite of increase in the engagements Tne same amount is provided for 44-45

5. Purchase of bulbs

An expenditure of Rs 25/- was incurred during 42-43 and Rs 50/- was sanctioned for 43-44 But due to the heavy engagements at Town Hall some additional special high candle bulbs were required and ordinary bulbs were also found not available in the market, even at higher rates Hence bulbs worth Rs 750/- were purchased during the current year 43-44 with the sanction of the comm ttee and tne council Hence provision under revised figure is enhanced from Rs 50/- to Rs 750/- and no provision is required during the next year 44-45 as we have stock for the next year also

6. Stationery charges

Against the actual expenditure of Rs 3-8-0 during 42-43 a sum of Rs 25/- was sanctioned during 43-44 But it is reduced to Rs 5/- under revised figure as no expenditure has been so far incurred For the year 43-44 however a sum of Rs 25/- is provided for

7 Cedar benches

Cedar benches were supplied from Technical Institute on credit basis and the cost of the benches were being paid in instalments The last premium of Rs 400/- was paid during 42-43 and nothing more is due on this account Hence no provision is required under this head for next year

8. Incidental charges

Against the actual expenditure of Rs 5/- under this head during 42-43, a sum of Rs 2-8-0 was sanctioned for 43 44 As the transactions are increasing in the bank due to enhanced income and expenditure, a sum of Rs 10/- is provided for under revised figure and tre same is continued for 44-45

Deposits

As explained under receipts the same figures are provided under expenditure.

10 Miscellaneous charges

Against the actual expenditure of Rs 274-9-0 during 42-43, a sur of Rs 5/- was sanctioned during 43-44 As the expenditure has increased under this head during 43-44, a sum of Rs 175/- is provided for under revised figure for 43-44 and Rs 25/- is provided for 44-45

11 Radio Establishment and equipment

As explained under Receipts the same figures are adopted under Expenditure also

12 Construction works

a,b, and c A sum of Rs 4889-0-6 was spent during 42-43 for minor repairs colour and white washing for the building which was not done since a long time and a sum of Rs 2000/- was sanctioned for 43-44 for completing the said work But the expenditure under this head increased from Rs 2000/- to Rs 5940/- as an R C C stair case was constructed and the terrace improved as explained under the head of receipts The sanctioned figure of Rs 2000/- for 43-44 is adopted as an estimate for 44-45, only for annual repairs and minor improvements

d There is severe complaint from the Dramatic companies that they are unable to get proper collections for want of accomodation to the lower classes The Town Hall building is huge enough to admit of a balcony A design was got up last year for this and its cost as per estimate amounted to Rs 45000/- For want of funds this work could not be taken For the year 44-45, however a sum of Rs 6000/- is provided in the budget estimate

e Curtain repairs

The stage curtains had faded and got damaged A sum of Rs 1000/- was therefore sanctioned during 43-44 against the actual expenditure of Rs 93-6-0 during 42-43 The curtains were considerably improved during the year with this amount For the year 44-45, only Rs 500/- is provided for

f Repairs to lighting installations

Against the actual expenditure of Rs 422-8-0 during 42-43, Rs,250/- was sanctioned during 43-44 But this is enhanced by Rs 50/- as a number of works of repairs to lighting installations and providing additional lights were carried out during the year A sum of Rs 300/- is provided for, for the year 44-45

g. Other miscellaneous works

A sum of Rs 300/- was sanctioned during 43-44 against which no

expenditure is incurred so far This is reduced to Rs 150/- and the same is adopted even for 44-45

Explanatory Memorandum accompanying the Budget Estimates for 1944-45

This memorandum deals with such of the items in respect of which there are appreciable variations as compared with the sanctioned and revised estimates for the current year and the proposed estimates for the year 1944-45 The provisions under the revised are based mostly on the actuals for the first ten months during the current year and the provision for 1944-45 on sanctioned scales in respect of fixed charges such as establishments and grants-in-aid and on the proposed new sources of income, unless otherwise stated

Notes regarding the revised estimates have already been circulated and considered by the Council while considering the Revised Budget Estimates on 11-3-44 There have been very little changes since then, and wherever there are variations, they have been explained below -

Receipts

Octroi - The revised estimates amount to Rs 2,51 750 Based on this the receipts for the next year are estimated at Rs 2,60,000, as it is unsafe to overestimate the receipts The receipts for the past 4 years are noted in the margin.

*1939-40	1 72,994
1940 41	1,82,607
1941-42	1 90,124
1942-43	2,29 100

Nonbarfa taxes on buildings and lands The arrears for 1944-45 would be Rs 28,698 and adding to this, the demand for 1941-45 which is expected to be Rs 30,000 more

1939-40	1,64 547
1940-41	1,70,603
1941-42	1,34,883
1942-43	1 70,718

than that of the current year on account of revision of assessment viz Rs 1,64,000/-130,000 the total demand would work out to Rs 2,16,698/- Expecting a collection of 90% of the current demand and 60% of the arrears, the expectation for next year is Rs 2,00,000

Taxes on vehicles and animals - On account of inclusion of two more villages into the city limits, the demand for the next year is expected to increase by Rs. 600, and also another Rs 400 is expected on account of normal expansion of the city with the result that the next year's collection may be expected to be Rs 41,000, i e Rs 2,000 more than that of the current year.

1939-40	30,533
1940-41	41,578
1941-42	41,053
1942-43	41,695

It is contemplated to raise the cycle tax from Rs 2 to Rs 3 per annum as before and also cancel the concession shown to bicycle shop keepers If this is done the receipts would increase by Rs 8,000

Tolls - Based on the current collections, the income for the next year is expected to be Rs 61,000 The short collection is due to the food operations adopted by the Government. With the expectation of getting some

1939-40	71,781
1940-41	61,660
1941-42	73,711
1942-43	70,024

suitable compensation from the Govt, a provision of Rs 72,000 is made for 1944-45

Water-tax - The demand for the next year including arrears of Rs 1,15,11 538 is estimated at Rs 1,49,493,

and the collection at Rs 1,40,000 calculating at 95% of current demand and 60% of arrears

1939-40	1,24,160
1940-41	1,43 821
1941-42	1,41,401
1942-43	1,31,695

The arrears for next year would be Rs 8 538

8. Sanitary Cess   The arrears for 1944-45 are expected to be rupees 7,121 and the current demand Rs 12,187 On the basis of collecting 95% of current demand and 50% of the arrears the receipts would be Rs 15,000/

1939-40	7 022
1940-41	42,716
1941-42	12,5[illegible]
1942-43	[illegible]

9. Drain Cess   The arrears for 1944-45 are estimated at Rs 1,426 and the current demand at Rs ,310 calculating at 95% of current demand and at 50% of arrears, the total collection for the next year is expected to amount to Rs 7,500 the same as in the current year The receipts during the last four years are noted in the margin

1939-40	6,068
1940-41	7,30
1941-42	6,985
1942-43	6 900

10. Cattle Pounds - The revised estimate is Rs 1,256 As a special gang is appointed for abating the cattle nuisance still further, an increase of Rs 750 is expected under this head So the estimate for the next year is Rs 2,000/- ,

11. Amusement tax   The Government makes over to the Municipality all the tax collected after deducting 12½% on account of collection expenses Rs 5,[illegible]1 were received during the current year So a provision of Rs 5,200 is made for this for 44-45

12. Registration and surcharge fees - Every license holder of liquor in the city is required to pay a registration fee of Rs 180 per year to Government and also a surcharge of 1 annas per gallon in excess of 55 gallons sold in the city The amount so collected is paid to the Municipality every month A sum of Rs.5,000 is provided for the next year based on the revised viz., Rs.5,200

13. Rents on buildings and lands - The expected receipts for the next year under this head are Rs 7 100/- against the revised estimate (6900) as follows -

1.	Bajenoy Agrahar houses	Rs 1,67[illegible]
2	Toddy shops	120
3.	Wellington Lodge	480
4.	Petrol Pump	300
5	Neon Sign Board	120
6	Advertisement boards	25
7.	Ground rent near the foot of the Chamundi Hills	80
8	Shop on Nachanahalli road	86
9.	Rents on buildings received through Civil Court	155
10	Bus Terminus	5,080
11	Penal rents	25

14 Sale proceeds of lands and produce of lands - It was expected to get some income by selling the plants and seeds grown in the Nursery in the Sewage Farm but this nursery has not yielded any income so far So a provision of Rs ,[illegible] is made for the next year against the sanctioned provision of Rs 9 000/- during the current year and the revised estimate of Rs 1,000 against the sanctioned provision of Rs 2 000 during the current year, which is based on the [illegible] cocoanut, and tamarind

(f) It is proposed to sell the present Slaughter house as the city has extended up to this building and it is desirable to construct a new Slaughter house on a more suitable locality. It is expected that a sum of Rs 60000 will be realised by the sale of the present Slaughter house to be on the safe side only Rs 50,000 are estimated as receipt on this account provision is made on the expenditure side for Rs 22000 for construction of a new Slaughter house

trees and sale of manure in the several parks cartstands and Ookads in the city (?)

15 As explained in the last year's notes, there-is greater demand for compost, partly due to difficulty in getting foreign manure An improved method of manufacturing compost is now adopted with the result that the sale is brisker A provision of Rs. 4,000 is made for the next year against the revised Budget of Rs 1,500/-

16 Markets - The provision for the current year is Rs 78,000 both under the revised and sanctioned estimates Proposals have been made to revise the rents which were fixed more than 2 decades ago Besides daily fee in the markets has increased from Rs 16,500 to Rs 31,000 as per bids secured now, and an increase of Rs.7,000 at least is expected for the next year under rents due to revision [illegible] Rs.1,0?,000/-

17 Slaughter House - 21,900 The estimate for the next year is based on the bids secured in the sales recently held, viz., Rs 1,565 per mensem for sheep slaughter House and Rs.260 per mensem for Beef Slaughter House

18 License fees - Revised 8,500 Proposed 44-45 8,500

Due to the present abnormal conditions, it is not likely that the number of licensed trades will increase So, the revised figure is repeated for 1944-45 also The Health Officer is however requested to give proposals for enhancement of the license fees in view of the increased business in trades, We may expect another Rs.?,000 by such revision But it takes some time to change the byelaws, and adopt the new rates So, it is safe not to overestimate at this stage.

19 Cart-stand and fees Revised 750 Proposed for 43-44 1,000

There are cart-stands in the city The receipts depend on the bids secured The bids so far secured warrant a provision of Rs 1,000 for the next year.

20 Interest on investments - A sum of Rs.2,000 was being received during the last 10 years by way of interest from the City Improvement Trust Board on account of Mandy Drainage Loan As this loan would be completely discharged by the end of this year, a sum of only Rs 1,750/- is expected for the next year against Rs 3,000/ (the revised estimate) as follows -

Health Office Co operative Society	90/-
Municipal ——do——	270/-
Savings Bank account (813)	810/-
State Loan Bond	40/-
Interest on Model House instalments	140/-
" House Purchase advance	237/-
Interest accrued on Mysore Bank balance	160/-
Total	1,750/-

21. Municipal Farm - There has been considerable improvement in the management of the Municipal farm resulting in an increased income A small increase in rates of grass and vegetable is also partly responsible for the increase During the last year the Council expected an income of Rs 40,000/- but the Govt reduced it to Rs 35,000- [illegible] the actuals for the first ten months we have realised [illegible] Rs 0 000 during the current year [illegible] to cultivate [illegible] during the next year, [illegible]

(P) on account of further arrears for 3 years from 1941-42
~~(P)~~ Rs 5000 per year for 3 years as some State Fund Roads
still continue under municipal control

creased provision of Rs.65,000 is made under the receipts for the next year.

1939-40	30,167
1940-41	25,319
1941-42	27,228
1942- 43	42,026
1943-44 (Revised)	45,000

22 Miscellaneous - This includes the amounts received by sale of unservice articles, Court batta recovered from employees, sale of miscellaneous articles found in foot-paths, markets etc. Based on the revised, the provision for 44-45 is put up at Rs.1,000/-

23 Arrears of contribution for maintenance of the State Fund Roads -

As expected at the time of framing the current year's budget a sum of Rs 10,000 has not been realised during the current year The matter is under correspondence still Hence, the provision is repeated for the next year. This is raised by Rs 15000

Trust Board contribution for tarring roads in the city and Mandy Drainage loan instalments due from the City Improvement Trust will have been completely paid by the end of the current year Hence, no provision is made for these two items for 1944-45.

On account of the abnormal conditions now prevailing, the cost of materials has increased very much and the Municipality has to pay Dearness allowance to its employees amounting to Rs. 95,000 and also meet the heavy cost of materials required for roads and buildings and water-supply and maintenance of bullocks, carts and other equipments, while the income has remained almost stationary except under octroi which is not appreciable or proportionate to the heavy obligatory expenditure to be incurred Hence, a request has to be made to Government to give a special grant of R 1 lakh to this Municipality for 44-45 and till normal conditions prevail The vehicle tax and toll compensations have not been revised for a long time The military traffic has also increased the cost of maintenance of roads Surcharge on Registration fees levied in the city according to the stamp act has not been paid to the City Municipaluty under Section 57-A of the City Municipalities Act Taking all these facts into consideration, it is felt that the Government will consider our request sympathetically and give us a handsome grant. Hence a provision of Rs.1,00,000 is made for this under receipts.

24. Contribution for Sanitary purposes - The Government contribution half the expenditure incurred for plague and anti-rat campaign charges not exceeding Rs 2,000 per year An allotment of Rs.5,500 is made on the expenditure side. Hence a provision of Rs 2000 for 44-45

25 Services rendered to private individuals - Revised 1,000 Proposed for 44-45 1,000/.

This amount represents the amount of tar road cutting charges received. Receipts for analysis of food and fees received for lending the services of our sweepers and scavengers to other Municipalities and private persons.

It is learnt from the Engineer that the Electric Dept. have not paid us the charges recovered by them for road cutting for laying electric cables for a number of years and that this amount might work up to Rs 10,000. The Engineer is requested to pursue the correspondence with the Electric Department and recover the arrears early He is also requested to keep strict watch over such cuttings of roads and send bills to the Electrical

(+) Education Cess is being levied from 1941-42 and the amount collected is paid over to Government the municipality paid over to Government the Education Cess collected along with another Contribution of Rs 26 000 for 1941-42 The Education Department is not entitled both to the Cess and or contribution The Government have been addressed to repay this sum of Rs 26 000 paid in excess It is expected that the amount will be realised in 44 45 Hence a provision of Rs 26 000 along with another Sum of Rs 2000 for ordinary refunds under this head

Department as and when roads are cut and repaired [illegible] Hence a provision of Rs 11,000 under this head

26 Refunds and recoveries - This represents the court costs recovered, cost of articles sold to contractors for Municipal works and cost of office repairs During the current year Rs 4961 were received from the Trust Board on account of arrears of office repairs Hence Rs 8,000 are provided under the Revised The normal receipts are about Rs 2,000 For the provision for 41-5.

27 Model house instalments - As one of the persons to whom a model house on Ramayya road has been sold paid up the full amount in a lump, the instalments to be recovered for 41-5 are less than the recoveries for the current year So a provision of Rs 770 for 41-5 against the Revised Budget of Rs 1,000 [illegible] P 900/-

28 Advance - A large sum of Rs 1,00,000 is provided under this head, for the next year Already amounts outstanding against the Sanitary Department, viz Rs 1,30 000

A major portion of this amount is expected to be realised by the end of the next year as the Sanitary Department is being repeatedly pressed for rendering accounts for the advances made to them, and statements are being received from them at regular intervals from the beginning of this year The corresponding debit will come under '80-Advances and Loans' on the expenditure side

29 Stock credit - Revised Rs 6 000 41-45 Rs 6,000 This represents the value of articles utilised for Municipal works and when issued from the stores such as cement, wood, iron A similar provision is made on the expenditure side also on account of the cost of articles purchased As a major portion of the transactions during the current year was conducted under the head 'Advances' as advised by the Auditor, the Revised is less than the sanctioned estimate by Rs 2,000 The provision made for 41-5 is based on the revised figure.

Statement

EXPENDITURE

30 A statement showing the sanctioned establishment including the offices arranged according to the classification adopted in the Budget [illegible] and provisions made in the Budget under the several heads There has been an excess under all establishments due to enhancement of dearness allowance from Rs 3-8-0 to Rs [illegible] Rs 7½ and Rs 8 and Rs 10 to officials getting pay upto Rs 50, 87-8, 100 and 150 respectively

31 Contingencies - Rs 2,500 A provision of Rs 2 500 is made for the next year, based on the revised The latter is slightly in excess, owing to the purchase of a duplicator and electric bulbs at a cost of Rs 500 and 806 respectively

32 Furniture A small provision of Rs 500 is made for purchase of necessary furniture for the new staff sanctioned, and proposed to be employed according the Re-organisation proposals.

33 Printing charges Sanctioned 1,500 Revised 3,200 44-45 1,800 The revised is in excess over the sanctioned estimates since electoral rolls were printed for the General Elections held in November 1944.

34 Clothing charges - Sanctioned 3,000 Revised 2927 44-45 3,000

The allowance is for supplies, consisting the cost of materials. If clothing is to be issued according to the usual scale an allowance of Rs 6,000 is necessary [illegible] only Rs 3 000 are provided

35 Door Numbering - There has been a proposal to renumber all the houses in the city As a heavy amount would be required, nearly Rs 8,000 on account of the heavy cost of materials and as it is not possible to allot such a large sum for this purpose in view of other obligatory items of expenditure a small sum of Rs.100 is made for numbering the new houses under construction.

36 Bicycle badges.- Sanctioned 1,550 Revised 1,550
44-45 1,500

As the cost of metal has increased since last year an allotment of Rs 1,500 is made against Rs 850 to Rs.860 usually required The lowest rate tendered for the next year is 0-4-6 per badge against 0-1-9 per badge during the current year.

37 Pension charges - The Government raised the provision from Rs.14,000 to Rs 18,000 during the current year as five quarterly instalments had to be paid during the current year Since only 4 quarterly instalments of about Rs 3,950 each have to be paid next year, only Rs 15,800 have been provided for, for the next year

38 Fire Protection - Provision is made for Rs 150 for 6 Fire Calls as in the current year.

39 Clock Tower and Bus Shelter - Sanctioned 524 Rev 190
44-45 500 No amount was spent for repair of the work in the Silver Jubilee Clock Tower Hence the revised is only Rs.190 The allotment is however repeated for the next year also for repairing the motor.

40 Street lighting charges - Sanctioned 45,920 Revised
45,320 44-45 45,920

As the arrears are not yet settled the revised is less than the sanctioned estimate by Rs 600 The allotment is however repeated for 44-45 since the arrears under verification will have to be paid next year

41 Destruction of wild animals - The arrangement for the working of Lethal Chamber in the Sewage Farm is not yet in order No establishment is therefore necessary An allotment of Rs 250 is [illegible] for 44-45 for the purchase of strichnyne., and payment of rewards for destruction of snakes etc

42 Public Works - Under Original works a sum of Rs.2,43,000 and under repairs a sum of Rs 1,20,000 is asked for by the Engineer, as the amount necessary to maintain the Municipal Buildings and roads etc The works Committee which considered the Engineer's note and the statements of works resolved that Rs 3,00,000 may be provided for public works as follows -

D-1. Original works-Incomplete works		Rs.1,50,605
D8-. Repairs	Fresh	Rs. 29,395
D2-Repairs		1,20,000
	Total .	3,00,000

As the finances of the Municipality do not permit such a heavy expenditure, it has been reduced to Rs 2,38,000 The Managing Committee have raised it by Rs 15,000 The note of the Engineer with the statements is printed separately under statement 'E'

Health Office.

43 Health Officer's salary - As a Health Officer on a higher salary is transferred to this Municipality, the provision is increased from R 5,700 to Rs 7,500 for 1944-45 Provision is also made for an Assistant Health Officer at a cost of R 1100 per year on he will conduct the [illegible] - allotment is necessary for Health survey as asked for by

58 Compost Sanctioned 2,798, Revised Rs 3,000 44-45 2 000 On account of improvement in the manufacture of compost, half the present establishment is said to be sufficient. Hence a provision of Rs 1692 for half the establishment charges and another provision of R 308 for miscellaneous charges is also made, bringing the total to Rs 2 000.

59 Disinfection establishment - A provision of ... 000 is -Rs 1662 for establishment ... for contingencies

60 E.D.Hospital construction - The Government have in their Order No PW 96543-49/ dated 30-6-43 sanctioned the estimate for the first stage of E D Hospital construction, and the Council have recorded this in Resolution No.26 dated 31-7-1943 The Municipality will have to bear 1/3 the cost i e , Rs.11,000 But no provision is made during the next year for want of funds

61 Local Fund and Reduced Scale Dispensaries - The provision made is according the statement sent by the District Medical Officer, Mysore As the Budget estimates of the Tuberculosis Dispensary are not yet received, provision is made for this dispensary as in the last year

62. Itinerant Dispensary - This was not approved by the Government. Hence no provision is made.

63 Womens Hospital - The provision of Rs 3,000 for maintaining the Womens Hospital to be constructed near Silk F ctory out of the donation of Seth Mohan Das is continued for 44-45 as it is not spent during the current year The Budget is pending with the Government

64. Allowance to Pandits and H ims - A provision of Rs.4680/- is made as per sanctioned scale. The question of enhancing the grant to these Pandits and H ims is pending with the Government.

65 Sub-Registrar of Births and Deaths - The provision made is as per sanctioned scale, viz , Rs.2,364 The proposal to convert these posts to those of Assistant Sanitary I spectors is not yet sanctioned When this is done, the number may be reduced Pending orders of Government, the present provision may stand.

66 Veterinary Hospital - The Municipality has to pay 1/6 rent of the Hospital building which amounts to Rs 320 and also a contribution of Rs 100 [illegible] Hence a provision of Rs.420

67 Cattle Pounds - An additional provision of Rs ~~1,000~~ 710 is made for continuing the temporary gang to abate the cattle nuisance, sanctioned by the Council for a period of 3 months in the first instance

68 Water-supply charges - According to the Budget estimates of V.V Water works for the current year, Rs 1,80,000 are required The estimates for 1944-45 are not received Anyhow, the expenditure will not be less A provision of Rs 1,40,000 is however made pending receipt of the estimates from the Sanitary Department

Provision is also made for payment of the 4th instalment of Rs.15,000 on account of arrears of Rs 7 000 [illegible] to the Sanitary Department.

69 Public Taps and submains - A heavy sum of nearly Rs 1,20,000 is advanced to the Water Supply Department It is expected that Rs.77,000 [illegible] adjusted by the end of the next year, as outlay statements are being received regularly at intervals from the beginning of this year Hence, this provision, A similar provision having been made on the receipts side under 'Advance Recovery".

No provision is made for road watering, as the Water Supply Department is not watering our roads.

70 Fairs and Festivals - The Executive receives a provision of Rs 9,000/- being made But it is not possible to allot such a heavy sum in view of the low finances Hence a provision of Rs. 6,000 is made - Rs 5,000 for the Executive Department and Rs 1,000 for the Health Department

71 Sewage Farm - A provision of Rs 21,120 is made for establishment charges, and another sum of Rs 19 880 for purchase of plants, seeds, tools and plant bullocks and carts and for cultivation of more areas as desired by the Vice-President A corresponding increase in the receipts is also provided for purchase-ef on the receipts side The total provision made is Rs 41000 against ~~Rs~~ Rs 20408 during the current year

72 Grants and contributions - Provision is made for grants to reading rooms, womens homes, [illegible] School, Physical Culture Institutes, and other miscellaneous Institutions as in the previous year, as recommended by the Grants Sub Committee

73 Revision of establishment - A lumpsum provision of Rs.6,000 is made for revision of establishment in the several sections of the ~~Establishment~~, pending sanction to the proposals of the Re-organisation Committee

74 A sum of Rs 450/- is also provided for 3 students studying in the Jayachamarajendra Technological Institute at Rs.15/- per student for 10 months.

75 A lumpsum provision of Rs 1,075 is made for miscellaneous grants that may come up for consideration during the next year

76 No provision is made for the following items asked for by the Health Officer for want of funds

Extra peons for Conservancy and sanitation	Rs [illegible],66
Sweepers extra	Rs13,192
Extra for Re-organisation	16,200
Improvements to workshop	1,000
(Rs.1,500 only is provided against Rs.2,500 asked for)	
Purchase of bullocks (only 15,000 is provided against Rs.25,000 asked for)	10,000
Cost of clothing to sweepers	15.000

77 The Town Hall Committee has made a provision of Rs 3,000 on the receipt side as grant from the Municipality for the year 44-45 It is not possible to find funds for this purpose in the Municipal Budget every year The Town Hall receipts have been latterly good, and the expenditure also should be regulated accordingly A loan of Rs 2,500 was granted to the Town Hall from Municipal funds in 1937, and only Rs 500 have been repaid out of this loan The balance of Rs 2,000 is still due from Town Hall funds Under these circumstances, only Rs 500 are provided for grant to Town Hall if the Town Hall finances should be so as to require help from Municipal funds

78 Public Debt - Provision is made for payment of Rs 14667 to M.C T.M Banking Corporation, Rs 13,333 to the Palace and Rs.2,500 to Government being the second instalments towards the Well works loan No provision is made for repayment of Indian Bank Bonds, for want of funds, only one instalment has been paid so far, i.e ½ Rs.33 333, against a loan of Rs 5,00,000/-.

79 The Municipal Co-operative stores have asked for a grant of Rs 2,000 for running the Institution No provision is made for this. A grant of Rs.500 may perhaps be given, if the Council approve of it It may be met out of lumpsum provision of Rs. 1,075 made under H5. As only very essential items of expenditure have been provided for, it is not possible to curtail expenditure under other heads As stated in my speech in the previous Budget meeting held on 11-3-1944, I have been taking action to collect statistics for equitable distribution of Mohatarfa tax and water tax, profession tax and revision of market rents Government will be addressed to make rules under Sec 67-A of the City Municipal Act for payment of surcharge on Registration charges recovered under the Stamp Law in Mysore city

Mysore City Municipality

Engineering Section

Explanatory memorandum accompanying the Budget estimates of the year 1944-45.

D1 Original Works.

Market improvements

Under market improvements there was a provision of Rs.10,608/- during the year 1943-44 out of which only a sum of Rs.2,417/- was spent This was on account of scarcity of materials available and for want of funds A number of estimates have however been sanctioned as per the programme contemplated in the previous years budget and the same have to be worked out during the year 1944-45 A very large sum of about Rs.17,000/- would be required to complete these works such as constructing latrines and bathes in Vanivilas market, constructing shops and mutton stalls in [illegible] market constructing a mutton stall in Vanivilaspuram etc A further provision of Rs,3,300/- is made for fresh works

The total provision therefore made under Market improvements amounts to Rs.20,442.

2 Buildings original

A provision of Rs 19,600/- was made in the Budget for 43-44 but of which a sum of Rs.4,086/- only was spent on account of want of materials and several difficulties in building construction. It is expected that in the year 44-45 materials would be available in greater abundance and the heavy programme may be worked out Even though the works were not carried out, a number of estimates have been sanctioned as per the programme. The incomplete works to be completed during the year 44-45 only amount to Rs 34,857 while a provision of Rs.2,500/ only is made for fresh works

The total amount provided for under this head comes to Rs 37,[illegible]57/-

3 Drains original

While a sum of Rs. 6,000/- only was provided for in the budget for 43-44 a sum of Rs 10,847 has been spent as a number of drains required repairs all over the city [illegible] the year 44-45 a provision [illegible] 000l

has been made in the budget towards the completion of several works under progress. And for fresh works a provision of Rs 5,500/ is made There is a loud complaint from many mohallas especially from Gadi, Lashkar about the condition of the old cement concrete drains which have been considerably damaged and which lead to musquito breeding and where sullage water stagnates. To prevent the musquito nuisance it is necessary that these cement drains are taken up for repairs on a large scale. For the improvement of all these drains a very large sum of at least Rs.50,000/- might be necessary. But to do them in stages a provision of Rs 5,000 only is made for the year. The total amount provided for under this sub head is Rs 10,851/-

4 Cast Iron Pipes

A provision of Rs 1,000/- was made during the year 43-44 and for want of funds this could not be paid towards the cost of pipes supplied by Sadhavati iron works. For the year 44-45, the same provision of Rs 1,000 has however been made

5 Kerbing paving and improvements to foot paths

As the foot paths required considerably improvements all over the City a sum of Rs 6,428/- was ~~#~~ spent for this purpose even though no provision was made in 43-44 A provision of Rs.2,000 has been made for improving foot paths during the year 44-45.

6 Improvements to swimming ponds and Dhobi ghats

During the year 43-44 the old swimming pond was improved and put into service The old washing pond for men and the washing channel for washermen were considerably improved For the incomplete works a provision of Rs.5,437/- has been made as per statement enclosed and for fresh works to be done a provision of Rs.2,000/- is made in the budget for 44-45

7 Tarring roads original.

As sufficient emulsion was not available during the year 43-44 and as the quantity was just sufficient for maintaining the existing roads it was not possible to take up any original tarring work Hence the expenditure during the year 43-44 was hardly Rs 94/-. During the year 44-45 a provision of Rs 3,680/- has been made for tarring most important places where dust nuisance have to be avoided and where the traffic is very heavy and it is hoped that the requirements of

emulsion for this work would be available.

8 Metalling roads original.

A number of roads and cross lanes were metalled and the surface improved considerably during the year 43-44 The expenditure under this sub head was Rs.33,972/- the length of roads metalled being 29 miles On account of this rapid metalling work, the condition of interior roads has improved greatly. For the incomplete works a sum of Rs 25,660/- is required during the year 44-45 For fresh works a sum of Rs.5,000/- has been provided for at the rate of Rs.1,000/- for three mohallas, Lashkar, Mandi and Devaraja and at the rate of Rs.500/- for the remaining four mohallas This amount is absolutely necessary as it is most important to see that the cross lanes which are in a most neglected condition are metalled and made fit for pedestrians to walk about during rainy season These lanes used to be absolutely slushy and unfit for pedestrians to walk about during rainy season

9 Poor house construction.

10 Park improvements

For incomplete works a sum of Rs.1,355/- is required. For fresh works such as forming a park at the junction of Kantharaja Urs Road and Prince of Wales Road, improvements to peoples park, Kantharaja Urs Park etc. a sum of Rs 3,000/- has been provided for

11 Laying sewer submains,

For want of funds, the required quota of contribution by the Municipality towards original sewer submain work that is being carried out by the Trust Board could not be given during 43-44. A sum of Rs 1,260/- is provided for in the budget for 44-45 as per actual estimate sanctioned and as per the contributions agreed to be paid by the Municipality towards sewrage work. It is however proposed that further sewerage works are done entirely by the Trust Board themselves as the Municipality has not sufficient funds to meet the cost of the same.

12 Improvements to cattle farm

Several works were done during the year 43-44 such as constructing cattle sheds, metalling the main road, improving the existing dry cattle shed, widening the central halls, constructing a R C C. bridge across the main halls etc For these works and for estimates sanction a sum of Rs 18, 42/- has been provided for in the budget for 4445

A further sum of Rs.3,000/- has been provided for fresh works.

13. Miscellaneous works:

A sum of Rs.2,714/- under miscellaneous has been provided for in the Budget to bring up the total of D1 to Rs 1,43,000/-.

D2 Repairs:

As explained in the report for the year 43-44 care has been taken that all original works are taken to D1 and only such of the works which are of maintenance nature are grouped under this sub head. Lists have been made for roads, buildings markets etc. noting the capital cost of each work For buildings and markets a sum equivalent to 1½% of the capital cost has been provided for as ordinary repairs and all the roads have been grouped up i to three different heads, tarred roads, metalled roads and gravelled roads and depending upon the total area in the sq. yards, provision has been made towards maintenance charges on the area thus calculated These sums will have to be provided in the budget of every year whether funds permit or not Unless the least amount of A R. grant for maintenance of Municipal propeerties is provided in the budget and the properties maintained in proper condition they will deteriorate and require larger amounts later on as special repairs.

1 Maintenance of gravelled and metalled roads by Kalihatn gangs.

As against a grant of Rs.18,000/- during the year 43-44 a sum of Rs.20,860/- was spent, the excess being on account of the grant of enhanced Dearness allowances For the year 44-45 a provision of Rs 16,950/- has been made towards the pay of Kalihat gangs, and Rs 8,160/- towards Dearness allowance at the sanctioned rate of Rs.5/- as per Government Order

2. Maintenance of metalled roads

As explained above, a statement has been prepared showing the list of all the metalled roads and according to this the area to be maintained comes to 2,00,000 sq yards including the newly metalled roads and the rate of 0-1-3 per sq yard the amount required for maintaining the present extent of roads is Rs.13,760/- and only a sum of Rs 15,000/- has been provided for in the budget for want of funds. If however it is found that funds improve in the later part of the year a further grant would be necessary for this item of work.

3 Maintenance of tarred roads

A list of tarred roads has been prepared according to which the length comes to 38 miles. The area to be maintained is 6,41,260 sq. yards and at the rate of one anna per sq yard the amount required works out to Rs 40,000/-. The rate of one anna per syd. is worked out with emulsion available at annas 10 to Rs 1-2-0/ per gallon and therefore this rate will not be adequate. Even at this rate the amount required as stated above is Rs.40,000/-. But for want of funds a sum of Rs.21,000 has been provided for, which will be just enough to do patch repairs here and there and maintain these existing tarred roads in a fairly good condition.

4. Drain repairs

The drains all over the city and especially the 'walk' pattern drain are considerably damaged as explained under D1. A sum of Rs.10857 has been provided for under original and that amount will be utilised for reconstructing these damaged portions which are irrepairable. A sum of Rs 7,000/- has been provided for under D2 which will be required for just doing patch repairs to the drains and maintaining them in a fairly good condition. This is a very important work and it is very necessary in the interest of the health of town.

5 Market repairs.

A list of markets is herein enclosed and the total capital cost of all these markets amounts to Rs.12,32,818/-. At 1½% of the capital cost the sum required towards the annual repairs of several markets is Rs.18,491/-. For want of funds only Rs 14,056/- has been provided for in the budget for fresh works.

6 Maintenance of water lorries and road rollers

Against a grant of Rs 8,000/- for the year 43-44 a sum of Rs.7,600/- was spent. A provision of Rs.8,000/- has been made for the year 44-45 also. In this connection it may be stated that the lorries are being repaired by the existing staff only working overnight purchasing only the minimum number of spare parts required. These lorries have not been sent to any workshop for repairs for the last 3 years and they ~~These lorries~~ have never got stranded for more than a week at any time, even though they are very old lorries working for the last 12 years. During the year 43-44 the Diesel road roller was out of order and could not be [illegible] in

time for want of spare parts and with great difficulty the car was repaired and put into service in April 1944 It is expected that these rollers would work satisfactorily during 44-45

It was ordered by Government that the lorries should be fitted up with gas plants. But as they were unfit for the same, as certified by the Agent of Simpson & Co, Government have been addressed to give exemption and to grant the necessary quantity of petrol If however this permission is not given it may be necessary to fit up gas plants for these lorries and a further sum of about Rs 5,000/- may then be necessary.

7 Building repairs

A list of buildings belonging to the Municipality has been prepared according to which the total capital cost comes to Rs.6,07,038/- At the rate of 1½% of the capital cost the annual repair grant amounts to Rs 9,104/- and the same has been provided for in the Budget.

8 Unforeseen works

A sum of Rs 10,724/- has been provided for in the budget to meet several miscellaneous works that may be necessary during the year. The total for public works as under D2 m amounts to Rs 1,10,000/- and this amount is absolutely necessary if the roads, buildings, markets drains etc have to be maintained in a fairly good condition.

The total for public works under D1 and D2 works out to Rs. 2,53,000/- which is a very big amount but on account of the enhancement in the price of materials, the cost of maintenance, labour etc it is necessary to increase the grant under Public works as otherwise the properties belonging to the Municipality will considerably get deteriorated and may later on require huge amounts to bring them to the standard that Mysore City has enjoyed so far It is requested that the Municipal Council would examine the different items in detail and see that this grant of Rs 2,53,000/- is provided for in the budget

5 Tolls	72,000/-
6 Sanitary Cess	45,000/-
7. Drainage Cess	7,500/-
8. Markets	1,00,000/-
9. Slaughter houses	21,900/-
10. Sewage Farm	65,000/-

3. The receipts side of the budget is approved with the following modifications -

Budget Head.	Anticipated by Municipal Council	Approved by Government	Remarks.
1 Octroi	2,60,000	2,50,000	As the price of cloths & other dutiable articles has been controlled, much increase cannot be anticipated.
2. Taxes on Buildings & lands.	2,00,000	1,86,000	As the revision of assessment in several mohallas is still to be taken up, it is not likely that the anticipated income will be fully realised. Hence the reduction.
